Independent Auditors' Report

To the Board of Directors United Way of Westchester and Putnam, Inc.

We have audited the accompanying statements of financial position of United Way of Westchester and Putnam, Inc. ("United Way") as of June 30, 2006 and 2005, and the related statements of activities, functional expenses and cash flows for the years then ended. These financial statements are the responsibility of United Way's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of United Way's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Way of Westchester and Putnam, Inc. as of June 30, 2006 and 2005, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary schedules on pages 20 through 35 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

1. The Organization

United Way of Westchester and Putnam, Inc. ("United Way") is a not-for-profit health and human services agency exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code. United Way conducts fund-raising, fund distribution and community building activities in collaboration with fifteen local affiliated United Ways in Westchester and Putnam Counties. Supporting these activities are management, communication, research, information systems, and volunteer and staff development efforts. Some local affiliated United Ways maintain separate legal status and retain non-campaign receipts and title to reserve funds which are not included in these statements.

The United Way has responsibility for soliciting, billing, and collecting all local donors' accounts. Amounts collected on behalf of other agencies are distributed as prescribed by the donor. In addition, the United Way is a participant in the Tri-State Regional Campaign which was created to coordinate fund raising for companies with employees in multiple locations, on behalf of autonomous local United Ways in New York, New Jersey and Connecticut. The Tri-State Regional office of United Way of America has assumed coordination and collection responsibilities for these companies within the Tri-State area. Each United Way participating in the Regional Campaign takes an active role in working with those companies in their area and shares in the unrestricted funds raised in accordance with a formula established more than ten years ago.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Under this method, revenues are recognized when earned and expenses are recognized when incurred.

Financial Statement Presentation

Net assets and revenues, expenses and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the United Way, and changes therein, are classified and reported as unrestricted net assets, temporarily-restricted net assets and permanently-restricted net assets, as applicable.

United Way of Westchester and Putnam, Inc.

Notes to Financial Statements

2. Significant Accounting Policies (*continued*)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The most significant estimates and assumptions relate to the determination of the allowance for uncollectible pledges, accrued expenses, accrued pension cost, and the useful lives of assets. Actual results could differ from those estimates.

Campaign Results

United Way raises funds through the following campaigns:

- Unrestricted local campaign pledges.
- Local campaign pledges restricted by donors (donor choice).
- Share of Tri-State Regional Campaign as determined by agreed upon formula.
- Proportionate share of Tri-State Regional Campaign's pledges restricted by donors to agencies and United Ways not participating in Regional Campaign (donor choice).

Amounts raised on behalf of others includes United Way's share of the Tri-State Regional Campaign restricted pledges and local campaign restricted pledges (donor choice).

Contributions

Contributions are recognized when the donor makes a promise to give that is, in substance, unconditional. Contributions received are recorded as unrestricted and temporarily-restricted support depending on the existence and/or nature of any donor restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets. The Regional Campaign promises receivable are recorded when the United Way is notified by the regional office of the annual regional campaign results. The United Way uses the allowance method to determine uncollectible unconditional promises receivable. The allowance is based on prior years' experience and management's analysis of specific promises made.

United Way of Westchester and Putnam, Inc.

Notes to Financial Statements

2. Significant Accounting Policies (*continued*)

Contributed Materials and Services

Contributed materials are reported as contributions at their fair value on the date of donation. For the years ended June 30, 2006 and 2005, a substantial number of volunteers have donated considerable amounts of their time to the United Way's program and supporting services; however, no contributed services met the requirements for recognition in the financial statements.

Cash and Cash Equivalents

Cash includes currency on hand, demand deposits with financial institutions, and other amounts that have the general characteristics of demand deposits. Cash equivalents include short-term investments with maturities of three months or less at the time of purchase.

Investments

Investments consisting of debt and equity securities are reported at fair value and unrealized gains and losses are included in the statement of activities. Fair value was determined principally by quoted market prices.

Allocations and Designations to Agencies

In June 2006, the Board of Directors of United Way approved a budgeted amount of \$1,193,100 in undesignated and targeted funds for allocations and grants in fiscal 2006. No liability has been recorded in the accompanying financial statements because the distributions will be funded from the proceeds of the 2006-2007 fundraising campaign conducted in fiscal 2007.

Amounts which have been allocated to specific agencies in the current fiscal year but have not been disbursed as of June 30 are accrued and reflected in the accompanying statements of financial position as "Due to Agencies". Donor choice funds are paid separately, generally on a quarterly basis, and have also been reflected in "Due to Agencies".

During fiscal 2005, United Way modified the funding terms of allocations and grants. Agencies were assigned various starting dates during the year and awarded grants through the year end. Amounts committed for periods after year end are subject to further review and approval by the United Way Board and the availability of funding. Accordingly, such amounts are not reflected as a liability as of year end.

2. Significant Accounting Policies *(continued)*

Land, Building and Equipment

Land, building and equipment is stated at cost at the date of acquisition or at estimated fair market value at the date of donation, less accumulated depreciation. Expenditures for land, buildings and equipment in excess of \$500 are capitalized. Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows: buildings (25 years); capital improvements (5 to 10 years); and furniture, fixtures and equipment (3 to 10 years).

3. Concentrations of Credit Risk

Financial instruments which potentially subject United Way to concentrations of credit risk include bank deposits in excess of the Federal Deposit Insurance Corporation ("FDIC") limits. United Way management believes it mitigates its risk by investing with reputable commercial institutions with satisfactory credit ratings. United Way has not experienced any losses on these financial instruments.

Campaign results include funds raised by the Tri-State Regional Campaign which represent approximately 40% and 44% of the total for fiscal 2006 and 2005. A significant change in the relationship with the Regional Campaign could have a material impact on United Way's operation.

6. Land, Building and Equipment *(continued)*

Depreciation expense totaled \$80,707 and \$87,793 for the fiscal years ended June 30, 2006 and 2005, respectively. Assets under capital lease were \$157,889 and \$136,879, with accumulated amortization of \$36,604 and \$40,241 at June 30, 2006 and 2005, respectively.

7. Loan Payable to Bank

On June 21, 2006, United Way borrowed \$1,700,000 from a financial institution under a collateralized open ended line of credit. Outstanding borrowings bear interest at either the institution's rate (the higher of prime or the federal funds rate plus 1/2%), or the London Interbank Offer Rate (LIBOR plus 1.75%). The agreement requires the line be repaid to a minimum of \$500,000 for a period of 30 days annually. The line of credit was authorized by the United Way's Board of Directors on May 24, 2006 and is collateralized by United Way's present and future undesignated receivables as well as a \$1,000,000 mortgage on the building.

8. Due to United Way of Tri-State

United Way owed Tri-State \$50,982 and \$126,512 (net of unamortized discount of \$1,590 and \$8,521) at June 30, 2006 and 2005, respectively. Monthly payments of \$7,107 are due through January 2007. The terms of the repayment arrangement do not contain a provision for the payment of interest. Accordingly, interest was imputed at management's estimate of fair market value, 9.75%, which resulted in a reduction in Due to Tri-State of \$628,820 as of May 1994. Interest expense incurred was \$8,686 and \$15,675 in fiscal 2006 and 2005, respectively.

9. Pension Plan

The Expected Long-Term Rate of Return on Plan Assets assumption of 8.0% was selected using the "building block" approach described by the Actuarial Standards Board in Actuarial Standards of Practice No. 27 - Selection Economic Assumptions for Measuring Pension Obligations. Based on United Way of Westchester and Putnam, Inc.'s investment policy for the pension plan in effect as of the beginning of fiscal year, a best estimate range was determined for both the real rate of return (net of inflation) and for inflation based on historical 30-year period rolling averages. An average inflation rate within the range equal to 3.75% was selected and added to the real rate of return range to arrive at a best estimate range of 7.26%-8.77%. A rate close to the midpoint of the best estimate range of 8.0% was selected.

The endowment funds are subject to restriction of the gift instruments which stipulate that the principal be invested and the income only be utilized. All gains and losses arising from the sale of investments are accounted for as unrestricted net assets.

11. Westchester Nonprofit Loan Fund

The Loan Fund is a collaboration of United Way, The Westchester Community Foundation, The Volunteer Center of United Way and The Westchester County Bankers Association. The mission of the Loan Fund is to provide secured loans and loan-related technical assistance to nonprofit agencies which provide direct services to the residents of the County. United Way acts as fiscal agent for the Loan Fund and all assets, liabilities and activity are included in the financial statements.

12. 2-1-1 Hudson Valley Region

United Way of Westchester and Putnam brought together the other United Ways in the Hudson Valley region (Dutchess, Orange, Putnam, Rockland, Sullivan, Ulster and Westchester) to develop and maintain a 2-1-1 service, which enables those in need to call an easy-to-remember 3-digit telephone number to reach trained information and referral specialists who through a comprehensive database, are able to connect callers to health and human services that can assist them. This service was launched in September 2005.

12. 2-1-1 Hudson Valley Region *(continued)*

In late April 2004, FIRST, Inc., which initially compiled the regional database, presented United Way with a proposal for merger. FIRST, Inc.'s commitment to 2-1-1 led its Board to believe that a merger with United Way would be the most efficient and effective way to make 2-1-1 a reality in this region. As of June 30, 2006, the merger is pending final approval by the Attorney General and the New York State Supreme Court.

United Way is the fiscal and operating agent for 2-1-1 Hudson Valley Region and is being underwritten by local United Ways, governments and foundations. Net assets of the 2-1-1 Hudson Valley Region at June 30, 2006 and 2005 amounted to \$365,355 and \$699,883 respectively.

Rental expense and other equipment expenses were \$64,103 and \$63,913 in 2006 and 2005, respectively.

15. Emergency Food and Shelter Program

Each year, the United States Congress appropriates funds for an emergency food and shelter program which is administered by a national board involving nine major not-for-profit organizations, including the United Way of America. In turn, local emergency food and shelter boards, involving local representatives of the nine organizations, including local United Ways and other local public and community leaders, recommend how local shares of the total appropriation, based on several needs-oriented factors, should be distributed among those local 501(c)(3) agencies requesting funds to expand their capacity to serve the hungry and homeless. The United Way administers the program in Westchester and Putnam, supports the local Board's decision-making process, and monitors the use of all funds allocated. In fiscal year 2006 and 2005, a total (unaudited) of \$396,929 and \$363,170, respectively, was granted in Westchester and Putnam. These amounts are not included in the Statement of Activities of the United Way.
